Component 3A: The Walls, Front Wall

Figure 1. Framing guide for front wall

(Closer look at piece W5)

Measurements for front wall

Name	Material	Length	Qty/Wall
W1 -	2X4	72"	1
W2 -	2X4	61¾"	4
W3 -	2X4	28½"	2
W4 -	2X4	13½"	2
W5 -	2X4	31⅝"	2
W6 -	2X4	39"	1
W7 -	2X4	5⅝"	2
W8 -	2X4	14½"	1
W9 -	2X4	17½"	1

NOTE: We typically use a 30" wide hollow-core door from a second-hand source. If it is a true 30" door (which means the door is exactly 30" wide), then the measurement between the two 2X4s that frame in the door should be 30¼". Simply add ¼" to the width of the door to determine the size of the opening.
